Want to be a founding sponsor of the first coding club for girls in the Fox Valley?

Why Become a Sponsor?

‣ To support computer science education exposure for local high school girls.

‣ To help create the foundation needed for this club to expand from its current 12 girls to at least 20 girls annually.

‣ To provide club members with over 120 hours of computer science education before high school graduation, opening doors for summer internships, mentorship opportunities and more.

‣ To ensure the club can meet at 25N Coworking to utilize their state-of-the-art technologies on a weekly basis (at the highly discounted rate 25N is offering).

**Thanks for considering sponsorship.
No amount is too small!**

Goals of the Coding Club

‣ Learn skills needed to code real life apps.
‣ Receive 40 hours of computer science instruction each school year.
‣ Expose club members to Scratch, JavaScript and CS concepts.
‣ Build real world software, including mobile apps and games.
‣ Work on monthly projects within a supportive group.
‣ Complete an end of the year, student-choice project, that impacts the community.

Why Have a Girls Coding Club?

‣ Create interest in STEM skills since by 2020, there will be 1.4 million job openings in computer related fields.

‣ Help create gender parity in computer science education and careers.

‣ Expand on the limited computer science offerings at local high schools.

‣ Show girls the connection between computer science education and careers in any major industry.

Donations can be directed to Fox Valley Girls Coding Club at 25N Third Street, Suite 1106, Geneva, IL 60134

All of my friends who have younger siblings who are going to college or high school - my number one piece of advice is: You should learn how to program. - Mark Zuckerberg, CEO, Facebook
